**Reg: Update on Block KG-DWN-98/2**

Madam/ Sir,

This is further to our filings w.r.t commencement of 'First Oil' production from KG-DWN-98/2 Deepwater block in Krishna Godavari, last made on 24.07.2024.

It is hereby informed that on 24<sup>th</sup> August 2024, ONGC marked a significant milestone by starting production from its fifth oil well in the Block KG-DWN-98/2 Cluster-2 asset. Leveraging the floating production, storage, and offloading (FPSO) vessel, ONGC has begun transporting and sale of associated gas, all the while underscoring its commitment to achieving zero gas flaring. With this ONGC successfully also commissions its gas export line from offshore to onshore terminal. Earlier in January, oil production commenced from the same asset, with 4 of 13 wells already flowing. Gas production is also advancing, with 3 of 7 wells online. ONGC's dedication to energy self-sufficiency continues with six water injection wells enhancing output.

This is for your reference and record.

Thanking You,  
Yours faithfully  
For Oil and Natural Gas Corporation Ltd.

(Rajni Kant)
