Circular No. 11/2023

No. DLI/CORP-MM/2022/PMC/13(MISC)/ 1001615
Dated 15.02.2023

Sub: Proposals for up-gradation work

EPC in its meeting(02/2023) dated 20.01.2023, while deliberating on a case for upgradation of Control systems for offshore platforms, desired that all future proposals for up-gradation work should invariably bring out a comprehensive financial due diligence of up gradation cost of existing system vs cost of acquisition of new system on Total Cost of Ownership (TCO) basis. Accordingly, Work centers should comply to above directive in EPC/Non-EPC level cases.

Above guidelines/Clarifications should be meticulously followed by all concerned.

(Sandeep Gupta)
