Topic:

“Invitation to Original Equipment manufacturers/Packagers for enlistment in Suggested Vendor List of EPC projects of Offshore Engineering Services, ONGC, Mumbai Region.”

Content:

“ONGC is a leading National company engaged in the business of Oil and Gas exploration and exploitation. Offshore Engineering Services, Mumbai Region, plays a vital role in creation of Offshore Oil & Gas Process Platforms, Living quarters and Well Platforms, thereby building physical assets for monetizing the Offshore Oil & Gas finds of ONGC. The megaprojects of building such assets are carried out through EPC contractors. These EPC contractors are provided with a prequalified List of Vendors, from whom they are required to source the product. The Pre-qualified list of vendors is called a Suggested Vendor List.

In the Suggested Vendor List, the vendors are placed under various Product categories as attached ([Click here to view the product list](#))

To have better competitiveness in technology we intend to enhance the list of vendors in the given product categories. The pre requisites for applying for these product categories are

- i. The product must meet the respective ‘Functional specifications’ and ‘Design criteria’ for the product and
- ii. The product should have been in satisfactory service in offshore Oil & Gas operations for a minimum period of 2 years.

The original Equipment Manufacturers/Packagers for any of the Product given in the list are requested to send an email to qaandvc@ongc.co.in for applying for enlistment in the Suggested Vendor List.”
