

Half Yearly Compliance Report
2025
01 Jun(01 Oct - 31 Mar)

Acknowledgement

Proposal Name	Conversion of 37 Exploration Wells & laying of Associated Flowlines, involving construction of Well Manifold at Kunjaban & Sundalbari and Pipeline at North Tripura by ONGC Limited		
Name of Entity / Corporate Office	OIL AND NATURAL GAS CORPORATION LIMITED		
Village(s)	N/A		
District	North Tripura		
Proposal No.	IA/TR/IND2/210752/2007	Category	Industrial Projects - 2
Plot / Survey / Khasra No.	N/A	Sub-District	N/A
State	TRIPURA	Entity's PAN	*****EQUIRED
MoEF File No.	J-11011/635/2007-IA II (I)	Entity name as per PAN	OIL AND NATURAL GAS CORPORATION LIMITED

Compliance Reporting Details

Reporting Year 2025
Remarks (if any)
Reporting Period 01 Jun(01 Oct - 31 Mar)

Details of Production and Project Area

Name of Entity / Corporate Office	OIL AND NATURAL GAS CORPORATION LIMITED	
	Project Area as per EC Granted	Actual Project Area in Possession
Private	62.9	62.9
Revenue Land	0	0
Forest	0	0
Others	0	0
Total	62.9	62.9

Production Capacity

Sr. no	Product Name	units	Valid Upto	Capacity	Production last year	Capacity as per CTO
--------	--------------	-------	------------	----------	----------------------	---------------------

Conditions

Specific Conditions

Sr.No.	Condition Type	Condition Details
--------	----------------	-------------------

1	Statutory compliance	The company shall comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be implemented.
PPs Submission: Being Complied All environment protection measures and safeguards are being complied.		Date: 30/05/2025
2	Statutory compliance	No pipelines or its part shall be laid in the Forest land/Protected Area without prior permission/approval from the Competent Authority.
PPs Submission: Complied Complied		Date: 30/05/2025
3	WASTE MANAGEMENT	The project proponent will treat and reuse the treated water within the drilling site location including at processing location and no waste or treated water shall be discharged outside the premises under any condition. Mobile ETP coupled with RO and mobile STP shall be installed to treat the waste water and sewage waste respectively.
PPs Submission: Complied These are only conversion wells i.e. exploratory to development wells. As there is no drilling activity involved in conversion wells, therefore, condition is not applicable.		Date: 30/05/2025
4	MISCELLANEOUS	During production, storage and handling, the fugitive emission of methane, if any, shall be monitored using appropriate technology.
PPs Submission: Complied Emissions from hydrocarbon storage tanks and processing facilities of natural gas are monitored through online/portable Hydrocarbon gas detector.		Date: 30/05/2025
5	MISCELLANEOUS	The project proponent also to ensure trapping/storing of the CO2 generated, if any, during the process and handling.
PPs Submission: Complied Not applicable.		Date: 30/05/2025
6	AIR QUALITY MONITORING AND PRESERVATION	Approach road shall be made pucca to minimize generation of suspended dust.
PPs Submission: Complied Complied		Date: 30/05/2025
7	Noise Monitoring & Prevention	The project proponent shall make all arrangements for control of noise from the drilling activity. Acoustic enclosure shall be provided for the DG sets along with the adequate stack height as per CPCB guidelines.
PPs Submission: Complied These are only conversion wells i.e. exploratory to development wells. As there is no drilling activity involved in conversion wells, therefore, condition is not applicable.		Date: 30/05/2025
8	MISCELLANEOUS	Proposed project does not involve drilling activity so there will not be need of fresh water for the conversion of wells into development wells. Hence no additional load on water sources of Tripura State.

		Water will be sourced from open market through water tanker if required.
PPs Submission: Complied These are only conversion wells i.e. exploratory to development wells. As there is no drilling activity involved in conversion wells, therefore, condition is not applicable.		Date: 30/05/2025
9	WASTE MANAGEMENT	The company shall construct the garland drain to prevent runoff of any oil containing waste into the nearby water bodies. Separate drainage system shall be created for oil contaminated and non-oil contaminated.
PPs Submission: Complied These are only conversion wells i.e. exploratory to development wells. As there is no drilling activity involved in conversion wells, therefore, condition is not applicable.		Date: 30/05/2025
10	WASTE MANAGEMENT	Drill cuttings separated from drilling fluid shall be adequately washed and disposed in HDPE lined pit. Waste mud shall be tested for hazardous contaminants and disposed according to HWMH Rules, 2016. No effluent/drilling mud shall be discharged/disposed off into nearby surface water bodies. The company shall comply with the guidelines for disposal of solid waste, drill cutting and drilling fluids for onshore drilling operation notified vide GSR.546(E) dated 30th August, 2005.
PPs Submission: Complied These are only conversion wells i.e. exploratory to development wells. As there is no drilling activity involved in conversion wells, therefore, condition is not applicable.		Date: 30/05/2025
11	WASTE MANAGEMENT	Oil spillage prevention and mitigation scheme shall be prepared. In case of oil spillage/ contamination, action plan shall be prepared to clean the site by adopting proven technology. The recyclable waste (oily sludge) and spent oil shall be disposed of to the authorized recyclers.
PPs Submission: Complied Not applicable. There is no oil production involved as all are gas bearing wells. However oil spillage ERP is available.		Date: 30/05/2025
12	Risk Mitigation and Disaster Management	The project proponent shall take necessary measures to prevent fire hazards, containing oil spill and soil remediation as needed. At fixed installations or plants use of ground flare shall be explored. At the place of ground flaring, the overhead flaring stack with knockout drums shall be installed to minimize gaseous emissions during operation.
PPs Submission: Complied Flare stacks are being maintained at installation for operational safety purpose and on zero flaring/Technical flare concept.		Date: 30/05/2025
13	Human Health Environment	The project proponent shall develop a contingency plan for H2S release including all necessary aspects from evacuation to resumption of normal operations. The workers shall be provided with personal H2S detectors in locations of high risk of exposure along with self-containing breathing apparatus
PPs Submission: Complied There is no presence of H2S in any of the wells. However contingency plan is available to mitigate the event.		Date: 30/05/2025

14	Risk Mitigation and Disaster Management	Blow Out Preventer system shall be installed to prevent well blowouts during drilling operations.
PPs Submission: Complied These are only conversion wells i.e. exploratory to development wells. As there is no drilling activity involved in conversion wells, therefore, condition is not applicable.		Date: 30/05/2025
15	LAND RECLAMATION	On completion of the project, necessary measures shall be taken for safe plugging of wells with secured enclosures to restore the drilling site to the original condition. The same shall be confirmed by the concerned regulatory authority from environment safety angle. In case of hydrocarbon not found economically viable, a full abandonment plan shall be implemented for the drilling site in accordance with the applicable DGH / Indian Petroleum Regulations.
PPs Submission: Complied The drilled wells are plugged safely as per the prevailing standards and SOPs followed in ONGC. Complied.		Date: 30/05/2025
16	Corporate Environmental Responsibility	As per the Ministry's OM dated 30.09.2020 superseding the OM dated 01.05.2018 regarding the Corporate Environmental Responsibility, and as per the action plan proposed by the project proponent to address the socioeconomic and environmental issues in the study area, the project proponent, as committed, shall provide education funds in technical training centers/ support in nearby village's schools, support in health care facilities, drinking water supply and funds for miscellaneous activities like solar street lights, battery, solar panel etc., in the nearby villages. The action plan shall to be completed within time as proposed.
PPs Submission: Being Complied Being Complied. Action Plan will be implemented.		Date: 30/05/2025
17	MISCELLANEOUS	No lead acid batteries shall be utilized in the project/site
PPs Submission: Complied These are only conversion wells i.e. exploratory to development wells. As there is no drilling activity involved in conversion wells, therefore, condition is not applicable.		Date: 30/05/2025
18	Human Health Environment	Occupational health surveillance of the workers shall be carried out as per the prevailing Acts and Rules. All workers & employees shall be provided with required safety kits/mask for personal protection.
PPs Submission: Complied Complied.		Date: 30/05/2025
19	MISCELLANEOUS	Oil content in the drill cuttings shall be monitored if oil-based mud is used and report shall be sent to the Ministry's Regional Office.
PPs Submission: Being Complied These are only conversion wells i.e. exploratory to development wells. As there is no drilling activity involved in conversion wells, therefore, condition is not applicable.		Date: 30/05/2025
20	MISCELLANEOUS	The project proponent shall prepare operating manual in respect of all activities, which would cover all safety & environment related issues and measures to be taken for protection. One set of environmental manual shall be made available at the drilling site/ project site. Awareness shall be created at each level of the management. All the schedules and results of environmental

		monitoring shall be available at the project site office. Remote monitoring of site should be done.
PPs Submission: Complied SOPs are prepared and made available at project site office.		Date: 30/05/2025
General Conditions		
Sr.No.	Condition Type	Condition Details
1	Statutory compliance	No further expansion or modifications in the plant, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change/SEIAA, as applicable. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry/SEIAA, as applicable, to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
PPs Submission: Complied Noted. No further expansion/modification in terms of numbers of gas wells as mentioned in the ToR/EC to be connected for production without prior approval of statutory body		Date: 30/05/2025
2	ENERGY PRESERVATION MEASURES	The energy source for lighting purpose shall be preferably LED based, or advanced having preference in energy conservation and environment betterment.
PPs Submission: Being Complied LED based energy conservation is being complied.		Date: 30/05/2025
3	Noise Monitoring & Prevention	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under the Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).
PPs Submission: Complied All generators are having acoustic enclosures complying with CPCB guidelines.		Date: 30/05/2025
4	Corporate Environmental Responsibility	The company shall undertake all relevant measures for improving the socio-economic conditions of the surrounding area. CER activities shall be undertaken by involving local villages and administration and shall be implemented. The company shall undertake eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment.
PPs Submission: Being Complied Being Complied. Action Plan on the issues raised during the Public Hearing will be implemented.		Date: 30/05/2025
5	Statutory compliance	The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government along with the implementation schedule for all the conditions stipulated herein. The funds so earmarked for

		environment management/pollution control measures shall not be diverted for any other purpose.
PPs Submission: Complied These are only conversion wells i.e. exploratory to development wells. As there is no drilling activity involved in conversion wells, therefore, condition is not applicable.		Date: 30/05/2025
6	MISCELLANEOUS	A copy of the clearance letter shall be sent by the project proponent to concerned Panchayat, Zilla Parishad/Municipal Corporation, Urban local Body and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal.
PPs Submission: Being Complied Complied.		Date: 30/05/2025
7	MISCELLANEOUS	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data (both in hard copies as well as by email) to the respective Regional Office of MoEF&CC, the respective Zonal Office of CPCB and SPCB. A copy of Environmental Clearance and six monthly compliance status report shall be posted on the website of the company.
PPs Submission: Complied Complied. Copy of Environmental clearance (EC) and six monthly compliance status report is also updated in public domain of ONGC website.		Date: 30/05/2025
8	Statutory compliance	The environmental statement for each financial year ending 31st March in Form-V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices of MoEF&CC by e-mail.
PPs Submission: Complied Complied. Environment Statement for the period 2023-24 has been submitted to TSPCB on 30.09.2024. Further, it has also been uploaded in public domain of ONGC website.		Date: 30/05/2025
9	MISCELLANEOUS	The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee and may also be seen at Website of the Ministry and at https://parivesh.nic.in/ . This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.
PPs Submission: Complied EC has been uploaded in public domain of ONGC website. EC has been advertised in local newspapers i.e. Tripura Observer (English) and Dainik Sambad (Bangla) on 02.11.2021.		Date: 30/05/2025
10	MISCELLANEOUS	The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project
PPs Submission: Complied It is a ongoing project. These are conversion wells i.e. exploratory to development wells.		Date: 30/05/2025

11	MISCELLANEOUS	This Environmental clearance is granted subject to final outcome of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, if any, as may be applicable to this project.	
PPs Submission: Complied Noted			Date: 30/05/2025
