Proposal Details

Proposal No
SIA/AS/IND2/143040/2020
Category
Industrial Projects - 2
Name of Project
Environment Clearance for Exploration in Upper Assam Shelf (South) in Jorhat and Golaghat District, Assam for 4 forest locations(KSAD,KSAE,KSAI and KSAH) in forest area.
Plot / Survey/ Khasra No.
Village(s)
Sub-District(s)
State
ASSAM
District
GOLAGHAT
MoEF File No
SEIAA.1296/2020/EC/52/1416
Name of the Entity/
Corporate Office
A&AA BASIN
Entity's PAN
*****1598A
Entity Name as per PAN
OIL AND NATURAL GAS CORPORATION LIMITED
Entity details mentioned above is correct ?

Conditions

Specific Conditions

Sr.No.	Condition Heading	Condition Details	Status of Compliance,Remarks / Reason and Supporting Documents	
1	AIR QUALITY MONITORING AND PRESERVATION	The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs	PPs Submission	Ambient air quality is monitored regularly, and emissions are analyzed for all standard parameters, including hydrocarbons (HC), through an authorized

		recognized under environment (Protection) Act, 1986.		third-party agency. Complied 17-11-2025 Attachment:NA
2	AIR QUALITY MONITORING AND PRESERVATION	The project proponent shall install system to carryout Ambient Air Quality monitoring for Common criterion parameters relevant to the main pollutants released e g PM10 and PM25 in reference to PM emission, and SO2 and NOx in reference to SO2 and NOx emissions within and outside the plant area at least at four locations one within and three outside the plant area at an angle of 120 each, covering upwind and downwind directions	PPs Submission	Ambient air and stack monitoring are conducted by an approved external agency. The monitored ambient air quality parameters and DG set emission levels in the specified area are found to be within the prescribed permissible limits. Complied 18-11-2025 Attachment: Click to View
3	AIR QUALITY MONITORING AND PRESERVATION	To control source and the fugitive emissions suitable pollution control devices shall be installed to meet the prescribed norms and or the NAAQS Sulphur content should not exceed 0 point5 percentage in	PPs Submission	DG sets stack height as per CPCB/APCB guidelines. Complied 18-11-2025 Attachment:NA

		the coal for use in coal fired boilers to control particulate emissions within permissible limits as applicable The gaseous emissions shall be dispersed through stack of adequate height as per CPCB SPCB guidelines		
4	AIR QUALITY MONITORING AND PRESERVATION	Storage of raw materials, coal etc shall either stored in silos or in covered areas to prevent dust pollution and other fugitive emissions	PPs Submission	Not applicable Complied 18-11-2025 Attachment:NA
5	AIR QUALITY MONITORING AND PRESERVATION	National Emissions Standards for Organic Chemicals Manufacturing Industry issued by the Ministry vide G.S.R. 608(E) dated 21" July, 2010 and amended from time to time shall be followed.	PPs Submission	Not applicable. Complied 18-11-2025 Attachment:NA
6	AIR QUALITY MONITORING AND PRESERVATION	The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16th November, 2009 shall be complied with.	PPs Submission	Yes Complied 18-11-2025 Attachment:NA

7	WATER QUALITY MONITORING AND PRESERVATION	The project proponent shall provide online continuous monitoring of effluent the unit shall install web camera with night vision capability and flow meters in the channel drain carrying effluent within the premises applicable in case of the projects achieving ZLD	PPs Submission	Flow meters installed and feasibility of continuous monitoring not available. Complied 18-11-2025 Attachment:NA
8	WATER QUALITY MONITORING AND PRESERVATION	As already committed by the project proponent Zero Liquid Discharge shall be ensured and no Waste treated water shall be discharged outside the premises applicable in case of the projects achieving the ZLD	PPs Submission	Ensured no waste water and treated water discharged outside. Complied 18-11-2025 Attachment:NA
9	WATER QUALITY MONITORING AND PRESERVATION	The effluent discharge shall confirm to the standards prescribed under the Environment Protection Rules 1986 or as specified by the State Pollution Control Board while granting Consent under the Air Water Act whichever is more stringent	PPs Submission	Drill site effluent is treated with METP and treated effluent conforms to the prescribed standard. Complied 18-11-2025 Attachment:NA

10	WATER QUALITY MONITORING AND PRESERVATION	Total fresh water requirement shall not exceed the proposed quantity or as specified by the Committee Prior permission shall be obtained from the concerned regulatory authority CGWA in this regard	PPs Submission	CGWA permission is exempted for exploratory drilling. Complied 18-11-2025 Attachment: Click to View
11	WATER QUALITY MONITORING AND PRESERVATION	Process effluent any waste water shall not be allowed to mix with storm water The storm water from the premises shall be collected and discharged through a separate conveyance system	PPs Submission	Noted. Complied 18-11-2025 Attachment:NA
12	WATER QUALITY MONITORING AND PRESERVATION	The company harvest rainwater from the roof tops of the buildings and storm water drains to recharge the ground water and utilized the same for different industrial operations within plant	PPs Submission	Exploratory drilling is a short time project of 3-4 months with bunk houses used for accommodation at site office. Rainwater harvesting is not feasible. Complied 18-11-2025 Attachment:NA
13	AIR QUALITY MONITORING AND PRESERVATION	The DG sets shall be equipped with suitable Pollution control devices and the adequate stack height so that the emissions	PPs Submission	DG sets stack height as per CPCB/APCB guidelines. Complied 18-11-2025 Attachment:NA

		are in conformity with the extant regulations and the guidelines in this regard.		
14	Noise Monitoring & Prevention	Acoustic enclosure shall be provided to DG set for controlling the noise pollution.	PPs Submission	Acoustic enclosure provided to DG set for controlling the noise pollution and the DG sets have noise control measure like mufflers,silencers etc. The earmuffs are used while working near the DG set. Complied 18-11-2025 Attachment:NA
15	Noise Monitoring & Prevention	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation	PPs Submission	Noise level monitoring and parameters are within the permissible limit. Complied 18-11-2025 Attachment:NA
16	Noise Monitoring & Prevention	The ambient noise levels should confirm to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time.	PPs Submission	Noise level is within the permissible limit. Complied 18-11-2025 Attachment: Click to View
17	ENERGY PRESERVATION MEASURES	The energy sources for lighting purposes shall	PPs Submission	LED lighting installed at Rigs Complied

		preferably be LED based.		18-11-2025 Attachment:NA
18	WASTE MANAGEMENT	Process organic residue and spent carbon, if any, shall be sent to cement industries. ETP sludge, Process inorganic evaporation salt shall be disposed off to the TSDF	PPs Submission	Very small amount METP sludge is generated in a well, which is disposed in an on-site pit with HDPE liner for drying Complied 18-11-2025 Attachment:NA
19	WASTE MANAGEMENT	The Company shall undertake waste minimization measures as below:- a. Metering and Control of quantities of active ingredients to minimize waste. b. Reuse of by-products from the process as raw materials or as raw material substitutes in other processes. c. Use of automated filling to minimize spillage. d. Use of Close Feed system into batch reactors. e. Venting equipment through vapors recovery system. f. Use of high pressure hoses for equipment clearing to reduce waste water generation	PPs Submission	Using treated waste water for preparation of mud, cleaning of solid control equipment and general cleaning. Flow meter is installed at METP unit for measurement of quantity of treated waste Complied 18-11-2025 Attachment:NA

20	GREENBELT	The green belt of 5-10 m width shall be developed in more than 33 percentage of the total project area, mainly along the plant periphery, in downward wind direction, and along road sides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department.	PPs Submission	This is a short term exploratory project of 3 4 months. The acquired land is sufficiently utilize for the operations hence it is not possible to make 33 percentage plantation in the periphery. Complied 18-11-2025 Attachment:NA
21	MISCELLANEOUS	The PP shall provide Personal Protection Equipment (PPE) as per the norms of Factory Act	PPs Submission	Complied. Complied 18-11-2025 Attachment:NA
22	MISCELLANEOUS	Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.	PPs Submission	Noted Complied 18-11-2025 Attachment:NA
23	MISCELLANEOUS	Provision shall be made for the	PPs Submission	DSA with all infrastructure and

		housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, creche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.		facilities such as fuel for cooking ,mobile toilets ,mobile STP ,safe drinking water, medical health care is available which is near to drill site. Complied 18-11-2025 Attachment:NA
24	MISCELLANEOUS	Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act	PPs Submission	IME(Initial Medical Examination) and PME(Primary Medical Examination) done regular basis as per company rule. Complied 18-11-2025 Attachment:NA
25	MISCELLANEOUS	There shall be adequate space inside the plant premises ear marked for parking of vehicles for raw materials and finished products, and no parking to be allowed outside on public places..	PPs Submission	Complied. Complied 18-11-2025 Attachment:NA
26	Corporate Environmental Responsibility	The project proponent shall comply with the provisions contained in this Ministry's IM vide FNo 22-65 2017 1A 111	PPs Submission	"All activities proposed by project proponent or by SEAC shall be part of the EMP instead of allocation of fund under CER "(Attached the copy) Complied

		dated 1" May 2018, as applicable, regarding Corporate Environment Responsibility		18-11-2025 Attachment: Click to View
27	Corporate Environmental Responsibility	The company shall have a well laid down environment policy duly approve by the Board of Directors. The environment policy should prescribe for standards operating procedures to have proper checks and balances and to bring into focus any infringements violation of the environmental forest wildlife norms conditions. The company shall have defined system of reporting infringements deviation violation of the environmental forest wildlife norms conditions and or shareholders stake holders. The copy of the board resolution in this regard shall be submitted to the MOEF and CC as a part of six-monthly report.	PPs Submission	Noted. Complied 18-11-2025 Attachment:NA

28	Corporate Environmental Responsibility	A separate environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly report to the head of the organization	PPs Submission	A separate environmental Cell is well in place. Complied 18-11-2025 Attachment:NA
29	Corporate Environmental Responsibility	Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry Regional Office along with the Six Monthly Compliance Report	PPs Submission	Noted Complied 18-11-2025 Attachment:NA
30	Corporate Environmental Responsibility	Self-environmental audit shall be	PPs Submission	QHSE Management manual is available with rig for

		conducted annually. Every three years third party environmental audit shall be carried out.		Quality,Environment and occupational health. Company has prepared operating manual for all activities like safety and environment related issues and measures taken up for the protection .Audit conducted time to Time. Complied 18-11-2025 Attachment:NA
31	AIR QUALITY MONITORING AND PRESERVATION	The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognized under Environment (Protection) Act, 1986 or NABL accredited laboratories.	PPs Submission	Ambient air quality is monitored. The emission is to be analyzed for standard parameters and HC by third party. Complied 18-11-2025 Attachment:NA
32	MISCELLANEOUS	Emergency preparedness plan based on the Hazard identification and Risk Assessment	PPs Submission	Emergency Preparedness Plan based on the guideline by OISD DGMS and Govt. Of India. Risk register is available for Hazard identification and Risk Assessment.

		(HIRA) and Disaster Management Plan shall be implemented.		Complied 18-11-2025 Attachment:NA
33	MISCELLANEOUS	The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling Firefighting system shall be as per the norms.	PPs Submission	Firefighting system installed as per OISD-189. Complied 18-11-2025 Attachment:NA
34	WASTE MANAGEMENT	Hazardous chemical shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be Provided on tank farm and the solvent transfer through pumps.	PPs Submission	Only caustic flakes is used which is paked in moisture proof HDPE bag lines with polythene inside and stored in isolated. Complied 18-11-2025 Attachment:NA

General Conditions

Sr.No.	Condition Heading	Condition Details	Status of Compliance,Remarks / Reason and Supporting Documents	
1	Statutory compliance	The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.	PPs Submission	Complied. Complied 18-11-2025 Attachment: Click to View
2	Statutory compliance	The project proponent shall	PPs Submission	Noted Complied

		obtain clearance from the National Board for Wildlife, if applicable Conservation Plan Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six monthly compliance report in case of the presence of Schedule 1 species in the study area		18-11-2025 Attachment:NA
3	Statutory compliance	The Project proponent shall obtain Consent to Establish Operate under the provisions of Air Prevention and Control of Pollution Act 1981 and the Water Prevention and Control of Pollution Act 1974 from the concerned State Pollution Control Board Committee	PPs Submission	Complied. Complied 18-11-2025 Attachment: Click to View
4	Statutory compliance	The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.	PPs Submission	Complied. Complied 18-11-2025 Attachment:NA
5	Statutory compliance	The Company shall strictly comply with the rules and	PPs Submission	As it is not a manufacturing unit, no raw materials are used,

		guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act (MVA), 1989.		and chemicals are handled as per the guidelines. Complied 18-11-2025 Attachment:NA
6	Statutory compliance	The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory	PPs Submission	Noted. Complied 18-11-2025 Attachment:NA
7	Statutory compliance	The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions	PPs Submission	Noted. Complied 18-11-2025 Attachment:NA
8	MISCELLANEOUS	The project proponent shall make public the environmental clearance granted for their project along with local environmental conditions and safe guards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in	PPs Submission	Complied Complied 18-11-2025 Attachment: Click to View

		addition this shall also be displayed in the project proponent's website permanently.		
9	MISCELLANEOUS	The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.	PPs Submission	Complied. Complied 18-11-2025 Attachment:NA
10	MISCELLANEOUS	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis	PPs Submission	complied Complied 19-11-2025 Attachment:NA
11	MISCELLANEOUS	The project proponent shall monitor the criteria pollutants level namely; PMio, SO2, NOx (ambient levels as well as stack emissions) or criteria sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the	PPs Submission	Ambient levels as well as stack emission monitored. Complied 18-11-2025 Attachment:NA

		public and put on the website of the company.		
12	MISCELLANEOUS	The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.	PPs Submission	Complied Complied 19-11-2025 Attachment:NA
13	MISCELLANEOUS	The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules,1986, as amended subsequently and out on the website of the company.	PPs Submission	Complied. Complied 18-11-2025 Attachment:NA
14	MISCELLANEOUS	The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production	PPs Submission	Location name : KSAH Date spudding :03.04.2025 Drilling Completed and Rig Released on 13.07.2025. Complied 18-11-2025 Attachment:NA

		operation by the project.		
15	MISCELLANEOUS	The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.	PPs Submission	Noted Complied 18-11-2025 Attachment:NA
16	MISCELLANEOUS	The project proponent shall abide by all the commitments and recommendations made in the EIA EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.	PPs Submission	Public hearing is not applicable as it is a B2 cat project. Complied 18-11-2025 Attachment:NA
17	MISCELLANEOUS	No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment Forest and Climate Change (MoEF and CC).	PPs Submission	Noted Complied 18-11-2025 Attachment:NA
18	MISCELLANEOUS	Concealing factual data or submission of false fabricated data may result in revocation of this Environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.	PPs Submission	noted Complied 18-11-2025 Attachment:NA

19	MISCELLANEOUS	The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data information monitoring reports	PPs Submission	Noted. Complied 18-11-2025 Attachment:NA
20	MISCELLANEOUS	The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention Control of Pollution) Act, 1974, the Air (Prevention Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986. Hazardous and Other Wastes (Management and Trans boundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India High Courts and any other Court of Law relating to the subject matter	PPs Submission	Noted. Complied 18-11-2025 Attachment:NA

21	MISCELLANEOUS	Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under section 16 of the National Green Tribunal Act ,2010.	PPs Submission: Noted. Complied 18-11-2025 Attachment:NA
