Conditions

Specific Conditions

Sr.No.	Condition Heading	Condition Details	Status of Compliance,Remarks / Reason and Supporting Documents	
1	Statutory Compliance	The company shall comply with all the environmental protection measures and safeguards proposed in the documents submitted to the Ministry. All the recommendations made in the EIA/EMP in respect of environmental management, and risk mitigation measures relating to the project shall be Implemented.	PPs Submission	Being complied All environmental protection measures proposed in the EIA/EMP shall be implemented. Safeguards related to air, water, noise, waste management, and risk mitigation are in place. Periodic monitoring is being carried out every six months for impact assessment. Being Complied 21-05-2026 Attachment:NA
2	Miscellaneous	The project proponent shall prepare a site-specific conservation plan and wildlife management plan in case of the presence of Schedule-1 species in the study area, as applicable to the project, and submit to Chief Wildlife Warden for approval. The recommendations shall be implemented in	PPs Submission	Complied. Wildlife conservation plan for schedule-1 species has been prepared and submitted to the Principal Chief Conservator of Forests and Chief Wildlife Warden with the fund allocation of 5 Cr for the Management, Development and Protection of Coringa Wildlife Sanctuary during 2025-26 to 2035-36. Acknowledgement

		consultation with the State Forest/Wildlife Department in a time bound manner.		letter attached for reference. Complied 21-05-2026 Attachment: Click to View
3	Water Quality Monitoring And Preservation	PP shall adhere to the siting criteria mentioned in Control of Water Pollution (Grant, Refusal or Cancellation of Consent) Guidelines, 2025, notified on 30th January 2025.	PPs Submission	Noted for compliance. Agreed to Comply 21-05-2026 Attachment:NA
4	Miscellaneous	As committed, development and production shall not be carried out in GS-15/23 PML as it is falling in the open sea and accounts to offshore drilling and necessitates CRZ clearance. Further, as committed no well would set up within 10 Km from the eco-sensitive area of Coringa Wildlife Sanctuary as per the NOC issued dated 22.05.2025. No pipelines or its part shall be laid in the Forest Land/ Protected Area without prior permission/approval from the Competent Authority	PPs Submission	Shall be complied. No drilling is planned in GS-15/23 PML. All wells are located beyond 10 km from Coringa Wildlife Sanctuary. No pipelines would be laid in forest land/PA. Agreed to Comply 21-05-2026 Attachment:NA

5	Water Quality Monitoring And Preservation	Total freshwater requirement shall not exceed 25 KLD per well which shall be met from tankers. Effluent of 4.5 (KLD/well) CMD quantity will be treated through mobile Effluent Treatment Plant of capacity 10 KLPD	PPs Submission	Being Complied. Total freshwater requirement is below 25 KLD/well and is supplied through tankers. Effluent at well site is being treated through mobile ETP and reused. Being Complied 21-05-2026 Attachment:NA
6	Air Quality Monitoring And Preservation	During production, storage and handling, the fugitive emission of methane, if any, shall be Monitored using Infra-red camera/ appropriate technology. No flaring shall be carried out during Operation phase.	PPs Submission	Being Complied. Multi-Gas detectors are being used at site to check any fugitive emissions. Sensors or detectors both fixed and portable type for detection of methane (Hydrocarbon) emissions are installed and available at all sites and established interlocking systems and in case of any accidental release warning systems through alarms both audio and visual have also been put in place. Being Complied 21-05-2026 Attachment:NA
7	Greenbelt	The project proponent shall ensure trapping/storing of the CO2 generated, if any, during the process and handling.	PPs Submission	Being Complied. Plantation carried out in and around drill sites. Being Complied 21-05-2026 Attachment:NA
8	Air Quality Monitoring And Preservation	Approach road shall be paved to minimize generation of suspended dust	PPs Submission	Being Complied. Hardened Approach roads are being laid for all drilling sites and all efforts are being made to ensure that no suspended dust is generated. Being Complied

				21-05-2026 Attachment:NA
9	Noise Monitoring & Prevention	The project proponent shall make all arrangements for control of noise from the drilling activity. Acoustic enclosure shall be provided for the DG sets along with the adequate stack height as per CPCB guidelines.	PPs Submission	Being Complied. All DG Sets at all Drilling Rigs are having acoustic enclosure along with the proper stack height as per CPCB norms. Appropriate PPE such as earmuffs, earplugs etc. are being used at site. Periodic noise monitoring is being done in every six months. Being Complied 21-05-2026 Attachment:NA
10	Water Quality Monitoring And Preservation	The project proponent shall construct the garland drain to prevent runoff of any oil containing waste into the nearby water bodies. Separate drainage system shall be created for oil contaminated and non-oil contaminated.	PPs Submission	Being Complied. Garland drain is constructed on each ONGC well site. Separate drainage system is created for oil contaminated and non-oil contaminated waste. Being Complied 21-05-2026 Attachment:NA

11	Waste Management	Drill cuttings separated from drilling fluid shall be adequately washed and disposed in HDPE lined Pit. Waste mud shall be tested for hazardous contaminants and disposed according to HWMH Rules, 2016. No effluent/drilling mud shall be discharged/ disposed of into nearby surface water Bodies. The company shall comply with the guidelines for disposal of solid waste, drill cutting and drilling fluids for onshore drilling operation notified vide GSR. 546(E) dated 30th August 2005. Industry shall obtain membership of TSDF site before obtaining CTO and shall dispose the Hazardous waste generated at drill site to TSDF approved by SPCB.	PPs Submission	Being Complied. 1. Drill cuttings separated from water-based drilling fluid are washed and disposed off in HDPE lined Pit. Waste mud is tested for hazardous contaminants, and no effluent or mud is being discharged or disposed into nearby surface water bodies. 2. Regular drill cutting sample analysis is being done as part of environmental monitoring. Being Complied 21-05-2026 Attachment:NA
12	Waste Management	Oil spillage prevention and mitigation scheme shall be prepared. In case of oil spillage/ Contamination, action plan shall be prepared to clean the site by adopting proven technology. The Recyclable waste (oily sludge) and spent oil shall be disposed of to the authorized recyclers.	PPs Submission	Being Complied. ONGC has Oil Spill contingency plan and included in the Emergency Response Plan of the Drilling Rig. The recyclable waste (Oily Sludge) and spent oil are being disposed to the authorised recyclers. Being Complied 21-05-2026 Attachment: Click to View
13	Statutory Compliance	Gas produced during testing shall be flared with	PPs Submission	Being Complied. Proposal is for development drilling of

		appropriate flaring device as prescribed by the CPCB. The flare shall be designed as per good oil field practices and OISD guidelines. The stack height shall be provided as per the regulatory requirements and emission from the stacks will meet MOEFCC/CPCB guidelines.		Wells and there is no flaring envisaged at well site. Gas produced during testing/activation shall be directly sent to nearest GGS which are equipped with appropriate flaring device with liquid knock out drums. Being Complied 21-05-2026 Attachment:NA
14	Risk Mitigation And Disaster Management	The project proponent shall take necessary measures to prevent fire hazards, containing oil spill and Soil remediation as needed. At fixed installations or plants use of ground flare shall be explored. At the place of ground flaring, the overhead flaring stack with knockout drums shall be installed to Minimize gaseous emissions during operation.	PPs Submission	Being Complied. 1. SOP available to prevent fire hazards, containing oil spill and soil remediation (bioremediation) as needed. For containing oil spill, dyke wall is being constructed around HSD tanks. 2. Emergency Response Plan, Environmental Management Plan, Disaster Management Plan and Oil Spill Contingency Plan etc. are available at site. 3. Site is well-equipped and trained staff and personnel are available for handling any adverse situations. 4. Regular mock drills are being conducted. 5. For any emergency, fire detectors and fire monitors provided at critical locations. 6. At fixed installations (GGS) overhead flare stack with knockout drums are installed to minimize gaseous emissions during operation. Being Complied 21-05-2026 Attachment:NA

15	Miscellaneous	The project proponent shall develop a contingency plan for H2S release including all necessary Aspects from evacuation to resumption of normal operations. The workers shall be provided with personal H2S detectors in locations of high risk of exposure along with self-containing breathing apparatus	PPs Submission	Being Complied. 1. Contingency plan for H2S release is available and included in the emergency response plan, which includes all aspects from evacuation to resumption of normal operations. 2. Fixed as well as portable H2S gas detectors are available at all Drilling rigs along with SCBA. Regular safety drills on H2S scenarios are conducted. Being Complied 21-05-2026 Attachment: Click to View
16	Miscellaneous	Blow Out Preventer system shall be installed to prevent well blowouts during drilling operations.	PPs Submission	Being Complied. Blow Out Preventer system is installed at all Drilling rigs. Being Complied 21-05-2026 Attachment:NA
17	Statutory Compliance	On completion of the project, necessary measures shall be taken for safe plugging of wells with Secured enclosures to restore the drilling site to the original condition. The same shall be confirmed by the concerned regulatory authority from environment safety angle. In accordance with the applicable DGH / Indian Petroleum case of hydrocarbon not found economically viable, a full abandonment plan shall be implemented for the	PPs Submission	Being Complied. 1. On completion of project, necessary measures are being taken for safe plugging of well with secured enclosure and drilling site is being restored to original condition as per SOP available for well site abandonment and restoration. 2. In case of hydrocarbon not found economically viable, a full abandonment plan will be implemented as per DGH rules-3 cement plugs will be placed in well isolating and plugging each annulus. Wellhead will be cut and removed and well will be sealed permanently. Being Complied

		drilling site Regulations		21-05-2026 Attachment: Click to View
18	Greenbelt	Green belt of 5-10 m width shall be developed in all permanent facilities such as GGS/GCS or any other processing facilities	PPs Submission	Being Complied. 1. Regular plantation is being carried out in permanent facilities of ONGC Rajahmundry Asset during occasions of World environment day, swachhta pakhwada etc. 2. Green belt development is from 18 percent to 43 percent in all installations. Further development is under process. Being Complied 21-05-2026 Attachment:NA
19	Public Hearing	PP proposed to allocate Rs. 11.00 Crores towards commitments made in Public Hearing which shall be spent as per plan submitted in consultation with District Administration.	PPs Submission	Shall be complied. PH action plan prepared in which Rs. 11.00 Cr. Has been allocated towards commitments made in Public Hearing which shall be spent as per plan submitted in consultation with District Administration. Agreed to Comply 21-05-2026 Attachment:NA
20	Miscellaneous	No lead acid batteries shall be utilized in the project/site.	PPs Submission	Shall be complied. Lead acid batteries are being replaced and shall be completely replaced in a phased time bound manner. Agreed to Comply 21-05-2026 Attachment:NA
21	Human Health Environment	Occupational health surveillance of the workers shall be carried out as per	PPs Submission	Being Complied. 1. Regular PME's are being done for all employees

		the prevailing Acts and Rules. All workers , employees shall be provided with required safety kits,mask for personal Protection.	View Compliance	as per company policy and PME of contractual manpower is ensured by incorporating suitable clause in the tender and regular monitoring is being done. 2. All workers and employees are provided with required safety Kit/mask for personal protection. 24 Hrs Rig medic is also available at drill site. Being Complied 21-05-2026 Attachment:NA
22	Miscellaneous	Oil content in the drill cuttings shall be monitored and report and shall sent to the Ministrys Regional Office	PPs Submission	Being Complied. Oil content in the drill cuttings is being monitored regularly at all drilling rigs. Report shall be sent to the Regional office of Ministry . Being Complied 21-05-2026 Attachment:NA
23	Statutory Compliance	The project proponent shall prepare operating manual in respect of all activities, which would cover all safety and environment related issues and measures to be taken for protection. One set of Environmental manual shall be made available at the drilling site/ project site. Awareness shall be created at each level of the management. All the schedules and results of environmental monitoring shall be available at the project site office. Remote monitoring	PPs Submission	Being Complied. 1. Standard Operating Procedures are available for all operational activities. Environment chapter is the part of consolidated HSE Manual of ONGC. 2. Awareness with respect to the safety, environment, first aid and emergency response procedures are regularly created at each level of management. 3. All environmental monitoring reports are available at all sites. Being Complied 21-05-2026 Attachment: Click to View

		of site should be done.		
24	Statutory Compliance	PP shall sensitize and create awareness among the people working within the project area as well as its surrounding area on the ban of Single Use Plastic in order to ensure the compliance of Notification published by MoEFCC on August, 2021. A report along with photographs on the measures taken shall also be included in the six-monthly compliance report being submitted to Concerned authority.	PPs Submission	Being Complied. Sensitization and awareness programme on ban of single use plastic are being conducted regularly in the project and surrounding area of the Drill sites. Awareness session along with competitions for kids conducted at KV School, ONGC Rajahmundry Asset for the awareness on Ban of single use plastic. Details are attached. Being Complied 23-05-2026 Attachment: Click to View
25	Statutory Compliance	The project proponent shall ensure the compliance of the Ministry's OM dated 14th January 2025 w.r.t. streamlining the implementation of Notifications G.S.R. 702 and G.S.R. 703 dated 12th November 2024.	PPs Submission	Noted for compliance. Agreed to Comply 21-05-2026 Attachment:NA
26	Miscellaneous	The proposed Godavari Onland PML Block partly overlaps the boundary of the Eco-Sensitive Zone (ESZ) of the Coringa Wildlife Sanctuary. Although no drilling activities are proposed within the ESZ, the Project Proponent shall obtain prior approval from the Standing Committee of the National	PPs Submission	Noted for compliance. Current well locations are outside ESZ and more than 10 km from the ESZ boundary, and therefore no clearance is required from the Standing Committee of the National Board for Wildlife (SCNBWL) as per OM No F 22-43/2018-IA.III dated 08.08.2019 and F No 6-60/2020WL Part (1) dated 16.07.2020. The same was also

		Board for Wildlife (SCNBWL) in accordance with the Ministrys Office Memorandum F. No. 6- 60/2020-WL Part (I) dated 16.07.2020, prior to commencement of the drilling work		confirmed by the Chairman of the EAC committee in the interactive session held at ONGC Rajahmundry Asset during the visit of EAC subcommittee on 24.02.2026. NOC from DFO Kakinada dated 22.05.2025 also provides clearance to ONGC for drilling of wells leaving a 10km buffer from Coringa Wildlife Sanctuary. Agreed to Comply 21-05-2026 Attachment:NA
--	--	---	--	--

General Conditions

Sr.No.	Condition Heading	Condition Details	Status of Compliance,Remarks / Reason and Supporting Documents	
1	Statutory Compliance	No further expansion or modifications in the plant, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the Ministry of Environment, Forest and Climate Change/SEIAA, as applicable. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry/SEIAA, as applicable, to assess the adequacy of conditions imposed and to Add additional environmental protection measures required, if any.	PPs Submission	Noted for compliance. Agreed to Comply 21-05-2026 Attachment:NA

2	Energy Preservation Measures	The energy source for lighting purpose shall be preferably LED based, or advanced having preference in energy conservation and environment betterment.	PPs Submission	Being complied. Being Complied 21-05-2026 Attachment:NA
3	Noise Monitoring & Prevention	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under the Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (daytime) and 70 dBA (nighttime).	PPs Submission	Being Complied. 1. DG sets are having acoustic enclosure. Noise levels are within the permissible limits. 2. Personnel having intermittent exposure to high noise are protected with earmuffs. The resultant exposure to noise levels is within the permissible limits. 3. Noise monitoring is carried out by engaging accredited consultant and as per reports, noise data is within limit. Being Complied 21-05-2026 Attachment:NA
4	Miscellaneous	The company shall undertake all relevant measures for improving the socio-economic conditions of The surrounding area. CER activities shall be undertaken by involving local villages and Administration and shall be implemented. The company shall undertake eco-developmental measures including community welfare measures in the project area for the overall improvement of the environment.	PPs Submission	Noted for compliance. Amount 10 Cr allocated for CER in all 3 districts i.e. Krishna, Konaseema and west Godavari for 10 years covering Education, Health Care, Skill Development, Drinking water, Sanitation etc as per the public hearing compliance action plan submitted to MoEFCC. Agreed to Comply 21-05-2026 Attachment:NA

5	Miscellaneous	The company shall earmark sufficient funds towards capital cost and recurring cost per annum to implement the conditions stipulated by the Ministry of Environment, Forest and Climate Change as well as the State Government along with the implementation schedule for all the conditions Stipulated herein. The funds so earmarked for environment management/ pollution control measures shall not be diverted for any other purpose.	PPs Submission	Noted for Compliance Funds of Rs 1 Cr per well has been allocated for environment management/ pollution control measures with recurring cost of Rs.53 Lakhs per well as per the details given in EIA report. Agreed to Comply 21-05-2026 Attachment: Click to View
6	Miscellaneous	A copy of the clearance letter shall be sent by the project proponent to concerned Panchayat, Zilla Parishad/Municipal Corporation, Urban local Body and the local NGO, if any, from whom suggestions/ representations, if any, were received while processing the proposal.	PPs Submission	Complied. Copies of acknowledgements are attached. Complied 21-05-2026 Attachment: Click to View
7	Statutory Compliance	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated Environmental Clearance conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEFCC, the respective Zonal Office of CPCB and	PPs Submission	Being complied. Being Complied 21-05-2026 Attachment:NA

		SPCB. A copy of Environmental Clearance and six-monthly compliance status report shall be posted on the website of the company.		
8	Statutory Compliance	The environmental statement for each financial year ending 31st March in Form-V as is mandated shall be submitted to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental clearance conditions and shall also be sent to the respective Regional Offices of MoEFCC by e-mail.	PPs Submission	Being complied. Form-5 is being prepared and submitted to APPCB Regional offices. Being Complied 21-05-2026 Attachment:NA
9	Public Hearing	The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB/Committee And may also be seen at Website of the Ministry and at https://parivesh.nic.in/ . This shall be advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the	PPs Submission	Complied. EC public notice issued in two widely circulated newspapers (English and Telugu). Copies submitted to RO-MoEFCC. Evidence attached. Complied 21-05-2026 Attachment: Click to View

		vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry		
10	Miscellaneous	The project authorities shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of the Project	PPs Submission	Being Complied. ONGC intimates DGMS, APPCB and district authorities in stipulated formats during the opening and closing of mines as per Oil Mines Regulations-2017. Being Complied 21-05-2026 Attachment:NA
11	Statutory Compliance	This Environmental clearance is granted subject to final outcome of Honourable Supreme Court of India, Honourable High Court, Honourable NGT and any other Court of Law, if any, as may be applicable to this project.	PPs Submission	Noted. Directive of the court shall be binding. Agreed to Comply 21-05-2026 Attachment:NA
