Supplier is both MSE & Class-I local supplier.	"MSE Class-I local supplier"
Supplier is MSE but not Class-I local supplier.	"MSE but non-Class-I local supplier"
Supplier is not MSE but is Class-I local supplier.	"Non-MSE but Class-I local supplier"
Supplier is neither MSE nor Class-I local.	"Non-MSE non-Class-I local supplier"

2. The applicability of PPP-MSE Order and PPP-MII Order in various scenarios, involving simultaneous purchase preference to MSEs and Class-I local suppliers under PPP-MSE Order and PPP-MII Order respectively, shall be as under:

a) *Items covered under Para 3(a) of PPP- MII Order, 2017 for which Nodal Ministry has notified sufficient local capacity and competition:* For these items, only **Class-I local suppliers are eligible to bid irrespective of purchase value.** Hence, Class-II local suppliers or Non-local suppliers, including MSEs which are Class-II local suppliers/ Non-local suppliers, are not eligible to bid. Possible scenarios can be as under:

- (i) L-1 is "MSE Class- I local supplier" - 100% of the tendered quantity is to be awarded to L-1.
- (ii) L-1 is "Non-MSE but Class-I local supplier" - Purchase preference is given to MSEs as per PPP-MSE Order. Balance quantity is to be awarded to the L-1 bidder.

b) *Items reserved exclusively for procurement from MSEs as per PPP-MSE Order:* These items are reserved exclusively for purchase from MSEs. Hence, non-MSEs are not eligible to bid for these items. Possible scenarios can be as under:

- (i) L-1 is "MSE Class- I local supplier" - 100% of the tendered quantity is to be awarded to L-1.
- (ii) L-1 is "MSE non-Class-I local supplier" - Purchase preference is to be given to Class-I local supplier as per PPP-MII Order. Balance quantity, is to be awarded to L-1 bidder.

c) *If items are neither notified for sufficient local capacity nor reserved for MSEs, then the process will be as follows:*

c (a) Items covered under Para 3A(b) of PPP-MII Order are divisible items and both MSEs as well as Class-I local suppliers are eligible for purchase preference. Possible scenarios can be as under:

- (i) L-1 is "MSE Class- I local supplier" - 100% of the

tendered quantity is to be awarded to L-1.

- (ii) L-1 is "Non-MSE but Class-I local supplier" - Purchase preference is to be given to MSEs, if eligible, as per PPP-MSE Order. Balance quantity is to be awarded to L-1 bidder.
 - (iii) L-1 is "MSE but non-Class-I local supplier" - Purchase preference is to be given to Class-I local suppliers, if eligible, as per PPP-MII Order. Balance quantity is to be awarded to L-1 bidder.
 - (iv) L-1 is "Non-MSE non-Class-I local supplier" - Purchase preference is to be given to MSEs as per PPP-MSE Order. Thereafter, purchase preference is to be given to Class-I local suppliers for "50% of the tendered quantity minus quantity allotted to MSEs above" as per PPP- MII Order. For the balance quantity, contract is (to be awarded to L-1 bidder. *(Kindly refer to the illustrative example in the annexure-PP).*
- c (b) Items covered under Para 3A(c) of PPP-MII Order, 2017 are non- divisible items and both MSEs as well as Class-I local suppliers are eligible for purchase preference. Possible scenarios can be as under:**
- (i) L-1 is "MSE Class-I local supplier"- Contract is awarded to L-1.
 - (ii) L-1 is not "MSE Class-I local supplier" but the "MSE Class-I local supplier" falls within 15% margin of purchase preference - Purchase preference is to be given to lowest quoting "MSE Class-I local supplier". If lowest quoting "MSE Class-I local supplier" does not accept the L-1 rates, the next higher "MSE Class-I local supplier" falling within 15% margin of purchase preference is to be given purchase preference and so on.
 - (iii) If conditions mentioned in sub paras (i) and (ii) above are not met i.e. L-1 is neither "MSE Class-I local supplier" nor "MSE Class-I local supplier" is eligible to take benefit of purchase preference, the contract is to be awarded/ purchase preference to be given in different possible scenarios as under:
 - A. L1 is "MSE but non-Class-I local supplier" or "Non-MSE but Class-I local supplier" –Contract is be awarded to L1.
 - B. L1 is "Non-MSE non-Class-I local supplier" - First purchase preference to be given to MSE as per PPP-MSE Order. If MSE not eligible/ does not accept - purchase preference to be given to Class- I

Local supplier as per PPP-MII Order. If Class-I Local supplier also not eligible/ does not accept – contract to be awarded to L-1.

- d) *Items reserved for both MSEs and Class-I local suppliers:* These items are reserved exclusively for purchase from MSEs as well as Class-I local suppliers. Hence, only "MSE Class-I local supplier" are eligible to bid for these items. Non-MSEs/Class-II local suppliers/ Non-local suppliers cannot bid for these items. Hence the question of purchase preference does not arise.
- e) Non-local suppliers, including MSEs falling in the category of Non-local suppliers, shall be eligible to bid only against Global Tender Enquiry.

53. Electronic Reverse auction (Applicable in e-tenders with reverse auction)

53.1 Electronic reverse auction is an online real-time procurement technique utilized by the procuring entity to select the successful submission, which involves the presentation by suppliers or contractors of successively lowered bids during a scheduled period of time and the automatic evaluation of bids;

53.2 The due date and time for price bid opening and conducting the event of Reverse auction shall be intimated well in advance to the bidders, through the System.

53.3 Operation: The event will be conducted through ONGC's online bidding software (SAP SRM), designed to streamline bid negotiations into a real-time bidding event. The price bids of shortlisted bidders shall be opened on the same day as the reverse auction event is to be commenced.

In case reverse auction for all items/group in a tender cannot be completed on same day, Tender Committee may decide to conduct reverse auction for balance items/groups on next working day and same may be informed to the bidders.

53.4 The applicable exchange rate for conversion and the customs duty to be loaded for each item (for foreign bidder) and basis of evaluation for domestic bidders (Ex-Works or FOR Destination) shall be conveyed by ONGC to the concerned bidders prior to commencement of Reverse auction.

53.5 The price bid data shall be tabulated immediately after opening of price bid in SRM and evaluated prices shall be worked out in the sample calculation sheet based on evaluation methodology of BEC and shall be signed by the Tender Committee members. After tabulation of the priced bid data, the dealing officer in presence of the Tender Committee shall confirm the evaluated prices with respective short listed bidders and feed the lowest evaluated price further decremented by 0.5% as ceiling price for respective bidders during Reverse Auction process.

During the auction:

All bidders shall have an equal and continuous opportunity to present their bids; There shall be automatic evaluation of all bids in accordance with the criteria, procedure and formula provided to suppliers or contractors ; Each bidder shall receive, instantaneously and on a continuous basis during the auction, sufficient information allowing it to determine the standing of its bid vis-à-vis L-1 bid;

There shall be no communication between the procuring entity and the bidders or among the bidders, other than as provided for in subparagraphs (a) and (c) of this paragraph.

Minimum bid decrement of bidders will be 0.5% of the last price entered by respective bidder.

53.6 Features of the online event:

The bidding direction of this event is downward. Bidders cannot raise their bid once the event has opened and they have submitted a bid.

Bidders must bid for the complete quantity of each item as quoted in SRM bid. The prices should be quoted as per the sample calculation sheet provided in the bidding document.

Bidders only see their own numeric rank (in 'Rank only' format) or the lowest bid and their own numeric rank (in 'Rank with L1 price' format). At no point of time will any bidder see the names of other bidders, or the prices of bidders other than the lowest bid.

The lowest evaluated price (of short listed bidders based on their price bids submitted initially in SRM) further decremented by 0.5% (minimum decrement value in the RA) shall be the Ceiling price or the maximum permitted starting bid in reverse auction for all bidders.

A bidder will not be able to see the rank for a lot until the bidder submits an initial bid.

53.7 ONGC shall not disclose the identity of any bidder during the auction. No mobile phone, alternate network connection or any other communication device other than the identified official landline number (to be communicated to the bidders) shall be allowed in the reverse auction room. The identified numbers of ONGC for this purpose should be intimated to the bidders well in advance. Similarly, the telephone numbers of bidders for the authorized interaction with bidders should be obtained through 'Bidders' Response Sheet'. Also till the reverse auction is over no member of the team conducting RA shall be allowed to leave the room.

53.8 Separate auction event shall be held for each item/group evaluated.

This process of a reverse auction event shall initially be held for a period of 30 minutes. In the event of a bid received in the last 3 minutes resulting in change of prevailing L1 price of the first line item, the period of auction shall get extended automatically by 5 minutes (for "rank with L-1 price" option) and 10 minutes (for "rank only" option) from the time of submission of such bid. This process shall continue till no change in L-1 price of the first line item takes place in last 3 minutes.

The process of reverse auction shall automatically close thereafter.

Reverse auction for next item/group of the tender shall be initiated after closure of previous auction.

53.9 Bidders at their own interest should ensure uninterrupted internet connectivity at their end during the Reverse Auction with necessary backups to take care of any connectivity problem. However, in case of failure in connectivity of any of the bidders, the Reverse Auction time will be extended once against request of each bidder, if the request is received within the auction time. Such extensions shall each be of 10 minutes and no more than one request for such extension from each bidder shall be entertained in an Auction. The extension of auction time shall be communicated to all the bidders through system broadcast message and also intimated telephonically to the bidders who are disconnected from Reverse Auction at that point of time.

53.10 In case no conclusion can be drawn from RA from best bid history or where Reverse Auction is inconclusive on account of system malfunctioning or break in internet connectivity at ONGC SYSTEM end, RA shall be re-conducted. In such scenarios, the dealing offer shall obtain the status from the SRM team of Project ICE and thereafter TC shall put up recommendations to CPA for approval to conduct the RA again.

53.11 ONGC can suspend or pause the reverse auction, if required. In such eventuality the duration of the auction shall be extended by ONGC for the period for which auction was under pause/suspension.

53.12 Types of Auction:

(i) 'Rank with L-1 Price' bid format:

In "Rank with L-1 Price" bid format, during the process of Reverse Auction, the short-listed bidders shall be able to see only the current lowest price and their respective ranks/position during the online bidding process in the system, based on which they may reduce their prices. This type of auction shall be adopted in those tenders where neither any purchase nor any price preference is applicable.

(ii) "Rank Only" bid format:

In "Rank Only" bid format, during the process of Reverse Auction, the short-listed bidders shall be able to see only their respective ranks/position during the online bidding process in the system, based on which they may reduce their prices. This type of auction shall be adopted in case of tenders, where purchase preference (for MSEs) is applicable, so as to take care of purchase preference at the end of the Reverse Auction.

53.13 ONGC will decide on choice of the option i.e. "Rank with L-1 price" or "Rank Only" at the time of short-listing of the bidders depending on the bidders at that stage who are eligible for purchase preference.

53.14 ONGC shall ensure that the lowest evaluated price (of short listed bidders based on their price bids submitted initially in SRM) further decremented by 0.5%

(minimum decrement value in the RA) shall be the Ceiling price or the maximum permitted starting bid in reverse auction for all bidders.

53.15 Apart from the participating bidders, the RA shall be visible while in progress to ONGC officials monitoring the process only through one user login. The identity of the bidders and prices of bidders shall not be visible to these officials at the time of Reverse Auction.

53.16 In case of a tie during auction i.e. two bidders entering same lowest price, the bidder who enters the prices first in the system would be taken as L-1 and the other bidder would see their ranking as L-2.

53.17 After completion of online event of Reverse Auction within 24 hrs, the bidders would re-submit breakup of their final quoted evaluated price as per relevant appendix of sample calculation sheet so as to enable ONGC to award the purchase order/contract. Bids of those bidders who fail to provide cost break-up sheet or adhere to prices quoted during the online event will be rejected and the bid bond / EMD of such bidder shall be invoked. However, in such case of break up, the prices of any of the items shall not be increased above the prices submitted in SRM.

53.18 The case shall be processed further for award or otherwise based on L-1 prices received at the end of Reverse Auction. Price reasonability will still need to be established even though the bidding process is through Reverse Auction and ONGC will reserve the right to negotiate with L-1 bidder as per CVC Guidelines.

53.19 In case of no response from any bidder in reverse auction, the original evaluated L-1 price will be considered for further action.

53.20 ONGC shall provide training for vendors to meet:

- a. Online help documentation for bidder registration to SRM portal including process of obtaining digital certification.
- b. Training to all prospective bidders during pre-bid conference to access data and also upload bid parameters and documents in C-folders.
- c. Training to all eligible bidders on the Reverse Auction process prior to conduct of Reverse Auction.

(BL/02/99 dated 29.12.2020)
